Awards committee: They are trying to come up with an award for the Clean Set and 100 POA instead of a plaque. Something that is more cost effective and can be given at time of achievement.

Our current membership is 1683 as of 1/29/24. On 11/21/23 we purchased a new printer, that has the ink tank. The old one would no longer do 2 sided prints automatically. Also, the new one the ink is much cheaper and will print more copies. So, it will cost us less in the long run.

We currently have \$700 remaining in the Awards budget to cover the cost of plaques at the end of the season. That usually runs around \$1000, we do have expense money left over from the city tournaments we can put in the awards budget to help, without the youth expense money we have \$665.

The State Board had a meeting and congratulations to Jenna Webber for winning the AL State Presidents Award for the 23-24 season.
