Open/Woman City Tournament is in December. I am already receiving entries for it. The cut-off date is November 18, 2015. I am sending an email to those I have and a card to the others within the next couple of days.

Lane Inspection: All lanes are inspected and paper work turned into Nationals

Question regarding a suspended bowler in working in the center. I contacted Nationals and their response was we can not tell a center who they can have work for them. The person is not bowl or have anything to do with USBC. We can only hope that the center does not have said person handle records. That each secretary will be sure to check the information on their league. We as an association can make the decision about what we leave for the leagues and bowlers.

On another note the email was hacked and reported. I had to set up another account for mailchimp at mail.com. I am in the process of changing over to husbc@mail.com. Also because of Mike's condition I currently do not have a cell phone. I have a house number of 256-970-4209, I get home after 5 in the evening. You can email me or instant message on facebook. As this is slow season for work I have facebook open and can see messages sent.

Jan's mother passed away a week ago and I asked about sending flowers from the board. I had a couple of replies, and I felt this is something we needed to do. Flowers were ordered and sent for the memorial service. Also Friday Madison Bowling Center owners, Mary and Earl lost their son. I will send a card from the board to them.

Presented by: Rhonda Swaim  
Association Manager HUSBC

Motion was made by A Burnham and seconded. Motion passed.

R Swaim presented a letter for board approval to be given to the centers asking for their support in a certain matter. After some small discussion and a correction in wording of letter it was agreed to send it to the centers along with a copy to the person it regarded. Motion was made by L Keel and seconded. Motion passed 100 percent.

H Seal brought up information for the Hall of Fame. M Webber suggested that the committee go over the information and bring to the board their decisions on the matter at which time the board would approve or disapprove. Hall of Fame was tabled.

L Keel has gotten together a list of hotels to give to the state for the State Open Tournament we will be hosting in April 2016. Information will be passed along to state, no action needed.

D Millitello asked about the Bowler of the Year from the 2014-2015 season. M Webber is working on the information as soon as he had it finished he would get to him to update center boards and the web would be updated.

R Fowler made a motion that the Association purchase a cell phone plan for Association Manager. With her husband being sick and not working she can not afford such item. He felt it was important that if someone needed to get in touch with her other than after work hours they could. R Swaim was asked to research the possibilities and get back with the board for an email vote. Motion was seconded and carried.

L Bodart has been asked by T Powers to help with the teams that are bowling at Plamor during practice. R Fowler told her that it would be ok. That many of the coaches did not know the first thing about bowling and could use the help.

R Fowler told the board about the 1<sup>st</sup> in the state Junior Gold League. He stated that we as a board needed to support this and all programs that would help our youth further their education and knowledge about the sport. We are hoping other associations will also offer such a program in their areas. Rusty and Rebecca Fowler, Gary Lewis, Lee Herring and Rhonda Swaim have been working on this program along with several other coaches.

There will be an Elite Youth Tournament held at Redstone in April. The Fowlers and G Lewis are setting it up.

Open/Woman City Tournament: M Webber asked about a schedule to help with it. R Swaim stated that she had to have all of the entries in before she could know where help was needed. Closing date is November 18 and she did have a few entries but not many yet.

Next meeting: January 10, 2016 at Pin Palace Lanes starting at 2:00 PM.
