Before the start of the schedule, the President shall appoint a committee of three (3) members to draw up a prize list. The prize list must be approved by a majority of the league members and posted within **five (5) weeks** after the start of the schedule. To qualify for individual prizes, a bowler must have bowled in at least **one-half (1/2)** of the scheduled games. A bowler or team can qualify for only one (1) special prize for high series (handicap or scratch) or high game (handicap or scratch). The following guidelines for establishing which prize is to be awarded in cases where a bowler or team qualifies for two or more special prizes is to be used.

- (1) For awarding of these special prizes, it is necessary to rank them. The ranking of these special prizes are (a) High Scratch Series, (b) High Handicap Series, (c) High Scratch Game and (d) High Handicap Game.
- (2) Example: Bowler "A" is qualified for High Scratch Series and High Handicap Series. Bowler "A" will receive the High Scratch Series Award.

ARTICLE 6

GAMES, SCHEDULES, AND ALLEY PROCEDURE

Section 1.

All league games will be bowled on each league night as per the **34-week** schedule. No game may be postponed unless by mutual agreement of both captains concerned. Arrangements for postponements must be made by opposing team captains and given to the league Secretary at least forty-eight (48) hours previous to the scheduled match.

In the event of pre or post bowling, the second team bowling shall not be allowed to see the scores bowled by the first team.

Section 2. League Format:

(3) 11 week sessions. There are 3 winners from that and a wild card being the team that has most wins without a trimester win.

If a team wins more than 1 trimester, the team with most overall wins at end of season advances to the finals. If the same team wins all 3 trimesters then that team plus the 3 teams with most overall wins are the 4 teams in the play offs.

There will be (2) position rounds each session, week 6 and week 11; week 17 and 22; week 28 and 33. Week 34 is a roll off. It will be 1-4, 2-3. Rankings come from overall wins so wild-card could be top seed.

During that position round, week 34, the other teams will be bowling a total season win position round for total wins overall (yearly totals)

Week 35, the play off winners bowl for league championship. We do pay out. All others can bowl in no tap tourney.

If a member of the 1st or 2nd trimester winning team has an average of 10 or more pins less at week 34, their average used at their winning trimester will be used at week 34 and 35.

Section 3.

This league shall bowl on a handicap basis. The handicap allowance shall be **90%**. Handicaps will be figured on the difference between an individual's average and **two hundred and twenty (220)** pins scratch. There is not a limit for individual or team handicap. On the first night of bowling, teams shall be paired according to their standing at the end of the previous season. Should any team not return, then the new team that replaces it would assume its position.

Section 4.

Individual starting average will be based as follows in the order shown for the first three (3) matches or 9 games bowled, which ever is less. All handicaps will be consistent for a match.

Order of use:

1. Use last season Huntsville Men's Classic league average if 21 games or more were bowled.
2. Use book average with most games
3. Establish average first time bowling.

A member bowling less than a full series in his first appearance will bowl without benefit of a handicap, and the partial series will be added to the first full series bowled for determining handicap.

Section 5.

In case of substitution of players in the middle of a game, the score of such game shall count only towards the team score (USBC Rule 107c). When a player is unable to complete a game because of disability, injury, or an emergency, the team of which he is a member of shall count his actual score for the frames completed in the total, plus one-tenth (1/10) of his blind score for each of the remaining frames in the game. The frames bowled shall not be used in determining the bowler's average. Any eligible team member or substitute may bowl any remaining games. No intra-game substitutes are allowed. Bowling ahead to complete a game will be permitted for special circumstances, but will be restricted to the game being bowled. (USBC Rule 106e).

Section 6.

No new bowler can be added to a team and / or the league during the final *three (3) weeks* of each trimester without first getting the unanimous consent of the Board of Directors (all team captains and Officers). During the last (3) weeks of each trimester all bowlers must have bowled at least 9 games thus having an average established in this league. Any player who arrives late may be permitted to make up missed frames of game one (1) provided he is present and ready to bowl before beginning the *fifth (5th)* frame of that game. Any player who arrives after the fifth (5th) frame may bowl the second or third game provided he is ready to bowl when it is his turn in the first (1st) frame. When a legal line-up of *two (2)* or more eligible players are not present to start any game of a series at the time scheduled by the league, that game shall be forfeited, which would automatically forfeit the one (1) point for total pins.

Section 7.

Position rounds: Floating substitutes are not eligible. In order to compete in a "position round", all bowlers must have bowled a minimum amount of games. At 1st trimester the minimum is 12 games. At second trimester the minimum is 21 games. At the third trimester through end of season the minimum is 33 games. This rule can be rescinded on an individual basis if approved by 2/3 of the Board of Directors in a vote prior to the start of the 1st position round game. It is the responsibility of the team captain to notify league officers if a vote is necessary. If a team allows a non eligible to bowl with out approval of the Board of Directors, that bowlers score will be replaced with the blind score of an absent team member with the highest amount of games. If no other eligible bowler, a vacancy blind score will be used.

Section 8.

Blind scores shall be allowed when a team has a legal line-up but less than a full line-up at the start of any game in a series. The blind score shall be the average, less ten (10) pins, of the absent bowler on the team roster having rolled most of the games. If two (2) blind scores are needed, the average less ten (10) pins, of the bowler with the next highest number of games shall be used for the second (2nd) blind score. **When two absentees have the same number of games, the lower average shall be used.**

Vacancy blind score shall be 140 and 72 pins handicap.

Section 9.

League records will be based on the point system: One (1) point for each game and one (2) points for the total pins. When a tie game occurs, each team of the two (2) teams involved in the tie shall be accredited in the standings with having won one-half (1/2) game and with a the loss of one-half (1/2) game. No roll-off of the tie shall be necessary.

Section 10.

All postponed games must be rolled off within *one (1)* week immediately following the week of that postponed game unless an extension is granted by the league President. The league Secretary will schedule a roll-off date. Failure to roll-off within this time will automatically give the offending team a four (4) point loss, and give the opposing team a four (4) point win. Postponed games that would have bearing on the league championship must be bowled within seven (7) days after the league schedule closes.

Section 11.

In the event of a tie for first place between two or more teams at the end of the split season, these teams shall roll a series of three (3) games with the highest team handicap series determining the winner. The roll-off of the tie will be completed as soon as possible but not later than thirty (30) days past the end of the session

Section 12.

All score sheets must be signed by both captains or their representatives at completion of the match for scores to become final.

Section 13.

Any protest affecting eligibility or general playing rules must be confirmed in writing to a responsible league or local association official or the United States Bowling Congress not later than fifteen (15) days after the series in which the infraction occurred has been bowled. If no written protest is entered prior to the expiration of the fifteen (15) day period, the series must stand as bowled. Protests resulting out of competition in the final two (2) weeks of a league's schedule must be filed in forty-eight (48) hours of the concluding night of league schedule. Errors in scoring or errors in calculation in league play must be corrected by a responsible league official immediately upon discovery of such error. Questionable errors shall be decided upon by the league's Board of Directors. Once the recap sheet is signed by both team captains (or their representatives) the telescore sheets are null and void.

Section 14.

USBC rules shall govern league play unless superseded in the articles of this constitution.

Section 15.

After league lanes are oiled and made ready for league play, OPEN BOWLING IS NOT ALLOWED ON LEAGUE LANES. Open bowling is allowed on break down pair or any other lanes not scheduled for use by HMC bowling league.

ARTICLE 7

LEAGUE CHAMPIONSHIP

Section 1.

The league championship will be determined by an end of season playoff, see Article 6, section 2 of this document. The championship will be determined by the *highest team handicap score for a three (3) game series.*

Section 2.

All roll-off or championship matches will not be considered as a part of the regular season and any team or individual scores rolled in these matches will not count toward league prizes or awards. Scores will count for USBC awards and averages.
