All points awarded will be on the handicap basis. In the event of a tie between 2 or more teams before a position round, position pairings shall be determined by team handicap total pin fall. In the event that a tie exists for 1st place at the completion of the league's regular schedule, team total pin fall shall not be used to determine the league champion. In this case a league playoff between the tied team, which consists of 1-game sudden death, will be bowled with the highest handicap game determining the final standing between the tied teams. If a tie still exists after the playoff the teams will bowl a tenth frame roll-off with 1/10 of each individual's handicap added to the team's tenth frame score. This roll-off will continue until a league champion is named with the teams alternating lanes with each successive roll-off. In the event of a tie for other positions in which a trophy is to be awarded a 1-game sudden death playoff between the tied teams will
